Taos Integrated School of the Arts

Discipline Policy for 2017-2018 School Year

The Taos Integrated School of the Arts discipline policy is based upon and guided by the State

Board of Education Regulation 6.11.2, Chapter 11 Public School Administration – Students Rights and Responsibilities. A copy of these regulations can be viewed on the New Mexico Public Education Department website www.ped.state.nm.us.

TISA's discipline approach is based on the work of Dr. Becky Bailey's approach, known as Conscious Discipline. A TISA student is expected to follow the guidelines of thoughtfulness, integrity, safety and attentiveness.

We show thoughtfulness by:

- Being kind
- Talking appropriately
- Listening to others
- Working together

We show integrity by:

- Following school rules
- Treating others respectfully

We show safety by:

Expectation of Student Behavior

The Governing Council expects students to conduct themselves in accordance with their levels of development, maturity, and demonstrated capabilities, with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The Governing Council believes that the best discipline is self-imposed, and that it is the responsibility of the staff to use disciplinary situations as opportunities for helping students learn to assume and accept responsibility for their behaviors and the consequences of their behaviors.

Staff members who interact with students shall apply best practices designed to prevent discipline problems.

Expectation of Student Academic Behavior

TISA delivers its curriculum through integration of the arts in and outside of the classroom environment. Every TISA student is required to participate 100% in all academic activities including this integration model of the arts. By attending TISA, students are agreeing to participate in this art integration model which includes but is not limited to drawing, painting, dancing, acting, singing, playing instruments, and other art activities. It is TISA's belief that both the specials classes of Art, Music, Theater and Dance, as well as arts integration is essential for a student's well-being and academic growth. In addition, students must come to school prepared for class. Being prepared means that students will have all materials including writing utensils, paper, books, and homework, as well as, material assigned by the classroom teacher.
