If your family has access to large flat pieces of cardboard, please let me know. I'm looking for pieces tall and wide enough to cover a student. We will have a large art project in the spring and this material would be very helpful for that.

****Please note that comfortable walking shoes** suited for outdoor activity are needed daily. NO casual sandals or flip flops. This will become more important as we get into the winter months and students will need water-proof shoes (snow boots, etc.) **EVERY DAY**. We will be going outside every day at school and sometimes walking.

No electronic devices are allowed in the classroom including cell phones. All school arrangements should be made before school starts for the day. Please call the office for any changes about your child's pick up arrangements.
